

International Terminology Summer School

Cologne University of Applied Sciences
6-10 July 2009

VOICES OF THE PARTICIPANTS

"One of the most interesting points of this course is the variety of places and professional fields where people come from."

"TSS was really very well organized with a nice program and good time management. The complete team was really encouraging, nice and always smiling. I would participate another time again."

"I do not remember the last time I so fully and completely enjoyed a professional training. Many thanks to all you and congratulations for organizing such a high-quality training week!"

"It was a very good experience and exposure. The efficiency of the organizers (Anja+Blanca) and the event communication is excellent!"

"The heterogeneity of this group is great!"

"Good combination of workshops, discussions and presentations"

"Networking is one of the most important aspects of this summer school."

"Thanks for the terminologists breakfasts and Stammtisch. Blog will help us to keep in contact!"

"I got much more out of the TSS than I expected to. Above all, the fruitful discussions helped me to develop some new ideas on how to handle terminology work. Thanks to all involved in the TSS2009 – be it as lecturers, organization staff and PARTICIPANTS! ☺ "

"All the presenters are so knowledgeable, resourceful and approachable..."

"I liked the bridging function between academic world and industry."

"The volume of information was enormous. It was a great opportunity to communicate with other colleagues, to share experiences and discuss the problems concerning terminology management."
